

Dear Families,

The following is a list of 2016 summer camp and academic enrichment programs to explore with your children. Call for catalogues, schedules, and fees. I recommend you begin your inquiries as soon as possible in order to benefit from whatever financial assistance may be available. (Camps are throughout the city)

Be sure to explore the summer programs at your child's school. Many have camp activities and small class remediation during the summer. Research a camp's reputation by asking the director if all staff have up to date Pennsylvania Child Abuse Clearance. Ask about group size and counselor's level of experience. Do not hesitate to contact me for additional assistance at :
